

Councillor Information: DEBBIE LANDYMORE

Personal Background: I'm a mother of 4, grandmother of 5. I moved to Hay about 9 years ago and opened a shop, Charlotte of Hay which is run by my daughter. I love the town we live in because it is unique, with individual businesses and a very relaxed and welcoming vibe.

Work Background: My previous experience both work and political are 27 years as a Business partner and Practice manager with the same GP surgery and I have 35 years' experience of working with local councils.

In my free time you will find me crafting, reading, experimenting with different styles of cooking.

My priorities as Hay Town Mayor are to ensure we are a dementia friendly council, to provide a foodbank and warm safe place for the community 2 days a week and ensure the HADSCAL HTC build moves forward.

I am very passionate about ensuring residents interests are kept at the heart of every decision made by the Council.
