

## Jade Hall Biography

### Councillor information:

I moved to Hay on Wye in 2017 after visiting all my life.

My work history has been varied but after leaving the construction industry, the last several years I have primarily been focused on positions with high involvement in customer service, be it hospitality or retail I love to meet people.

### Interests both within and outside the council:

My interests both within and outside the council are varied, within the council I am involved with the communications and events sub committees. I am highly driven by environmental and sustainability issues and this is a huge driving force for my focus within the council and in my everyday life.

### Reason for joining the council:

I joined the council for several reasons, the main being I love Hay on Wye and the community spirit it has to offer.

I think it's key to the community that we have a town council that is varied with people who have different areas of expertise and view points, and I hope that by being a part of the town councillor I can help to bring a wider variety of opinions and ideas.
