

Work Background

I have a First Class BA(Hons) in History and Politics and am currently working towards a MSc in Social Policy and Social Research. Alongside this, I have worked within Hay in various establishments, including Bartrums, The Blue Boar and Chapters Restaurant, as well as with Citizens Advice as a volunteer. Prior to my move to Hay in 2016, I had worked in various roles including millinery, customer service and student welfare.

Interests both within/outside Council

In my free time you will often find me pottering around Hay with my two children (2 and 5). When left to my own devices, I enjoy being outside, reading a good book or studying. My interests within the council are based around equality and justice, with a particular focus on economic inequality. As well as these personal interests, I'm looking forward to joining sub-committees within the Council and getting involved in areas concerning sustainability and community events amongst others.

Reason for joining the Council

I joined the council because my son was promised a ride in a gator if I did!

Jokes aside, I joined the Council because I care about social issues and believe that they begin locally. I think that the Council is an underrated town resource that I'm looking forward to learning about and becoming part of.
